

Safety, Quality and Environmental Policy

The main activity of AUXQUIMIA is the design, manufacture, and commercialization of firefighting foam concentrates. As part of PERIMETER SOLUTIONS, its mission is to help save lives and protect property and the environment by manufacturing quality products and providing excellent service. Safety, Quality and Environment are core values in AUXQUIMIA's operational performance, maintaining a clear commitment to continuous improvement.

AUXQUIMIA assumes as its own and in its entirety the Quality, Environment and Health and Security Policy of PERIMETER SOLUTIONS as follows:

- Guarantee that its operations, products and distribution systems are safe for employees, customers, distributors, suppliers, contractors, visits to its facilities and the surrounding communities; and that they are managed in a way that respects the environment.
- Protect the health of employees, customers, distributors, suppliers, contractors, visits to their facilities and the surrounding communities, applying the necessary security measures in their facilities to prevent the contagion and spread of diseases.
- Reduce emissions and the production of waste while making efficient use of both energy and natural resources.
- Develop, implement, and maintain effective Safety, Quality and Environmental systems.
- Encourage all AUXQUIMIA employees to participate actively by contributing positive contributions in terms of Safety, Quality, and Environment.
- Work as collaborators with emergency and security agencies to protect people, property, the environment, and information through the assurance of facilities, IT services and value chains.
- Keep its operations accessible to the surrounding communities through contact with all interested parties through open communication.
- Review compliance with all laws, regulations, regulatory agreements, as well as other provisions on Safety, Quality and Environment that AUXQUIMIA subscribes.

This policy is put into action through management leadership, allocation of necessary resources, corporate standards, and establishment of specific objectives in our management plans.
